Continuation of Substance of Interview including description of the general nature of what was discussed: The applicant's representative was contacted to amend independent claims 1, 11 and 45 to define the relation of the circuit board, component and the securing mechanism to more clearly claim the invention and to avoid possible 112, second paragraph rejection. Also, asked to cancel independent claims 17 and 25, and their depended claims, to place the application in allowable condition. The applicant's representative gave permission to carry out the changes by examiner's amendment. .
